

My Beginning: Year One Record

As you and your student complete each day, circle the day number under that devotional title. Then once you complete that devotion/training series week, check the box. This will help you keep track of your students and your progress. Also, help them print and fill out their: "My Devotions With Jesus Record."

Day: 1 2 3 4 5
- Week 48** – Yield
Day: 1 2 3 4 5
- Week 49** – Live
Day: 1 2 3 4 5

Below you will find instructions telling your friends how to get to their devotions. They have these instructions at the bottom of their “My Devotions With Jesus Record.” Be sure to familiarize yourself with them so you can help them get used to navigating “Devotions With Jesus.”

Before You Leave A Devotion

The best way to keep your place in your devotions is to devote a browser or browser page to your devotions. However, if that isn't possible or you lose your place, your "My Devotions With Jesus Record" will help you get back there. Your Record Sheet should be filled out before you leave your devotion for the day.

Getting Back To A Devotion

Once you have started your devotions, you will be able to use the Shortcut Bar at the top of the "Devotions With Jesus" Home Page to return to your devotions.

1. Just go to wctlc.com and select: "I am a REGULAR participant of wctlc."
2. On the next page, select the DEVOTIONS button at the top of WCTLC's Resource Page.
3. That will take you to the "Devotions with Jesus" Home Page. Read the "Let's Get Started" comments. If you are checking out the Special Features, select it at the bottom of this Home Page.

If you are doing your devotions, select the name of the Devotional Series on the gray bar with the words under it: "Regular Participants Can Use This Shortcut Bar To Go Directly To Their Devotional Series." If it is your first Devotional Series, you would select "Pursuit."

4. That will take you to your "Welcome Page." Read the introductory comments; then go to the bottom of the page and select your next devotion in that Devotional Series. If it is your first devotion, you would select "The Father's Pursuit Week One."
5. That will take you to your "Week Page." Get your devotion notes; and, if there is an audio presentation, listen to it. Then select the day you want to go to next and start your devotions. If this is your first day, select "Day 1."
6. You will have two pages of devotions each day for five days. Listen to the audio segment and read your devotion. When you are finished, fill out your "My Devotions With Jesus Record," and either select your next devotion with your browser page left open or close your browser and follow these six steps tomorrow.

If you want to skip these six steps the next time you do your devotion, try the suggestion below.

Setting Up Your Browser

As you complete each day's devotion, you will see a similar comment like this:

**"If you want to set up your browser
for tomorrow's devotion,
select the sentence below."**

You can dedicate a browser or browser page to your devotions. You would simply select the sentence at the bottom of the page after this comment and keep it open for the next day. If you use a different browser, you will have less problems keeping the page open. With this system, your browser will already be open to your next devotion when you come back.
